She explained that the participants at the event symbolised the successful and rich history of the series; as over the years, it has continued to be a conditioning and competitive option for many of the territory's elite and emerging runners, a place for friendly team rivalries through walking or running and an annual family and community expectation.

The College continues to partner with the law firm Mourant, who was very pleased that the Special Edition Series would be a reality and that they could play a part in its success.

For more information about the Special Edition Series, the public is encouraged to contact the Race Director, Mrs. Stephanie Russ Penn via telephone at 284-496-7155.
